Product type

- Detergent and cleaning agent.

What to use the product for?

- Cleaning of woodwork, masonry, paving, etc.
- Effective cleaning of roofs before painting, etc.

Product advantages

- Highly effective.
- Can be used on all water-resistant surfaces.
- Easily biodegradable.

Working solutions

- To be mixed with cold water.
- Heavily soiled parts: 10–20%
- Lightly soiled parts: 1–5%

Effective cleaning of woodwork, paving, machinery, masonry, roofs, etc.

How to use the product

- Always start by moistening the surface with cold water.
- Apply with a brush, sprayer or low-pressure washer.
- Optimal temperature range: 10–20 °C.
- Avoid using on a hot/heated surface – lightweight metals as the detergent may burn on to the surface.

Technical information

- pH value of undiluted product: c. 10.8
- Read the Safety Data Sheet before use.

MAL-code:

- MAL code: 00-3 (1993)
- MAL code for 0.5–10% solution: 00-1 (1993)
